

1. YC01-158PCB ground terminal are showed on the picture.

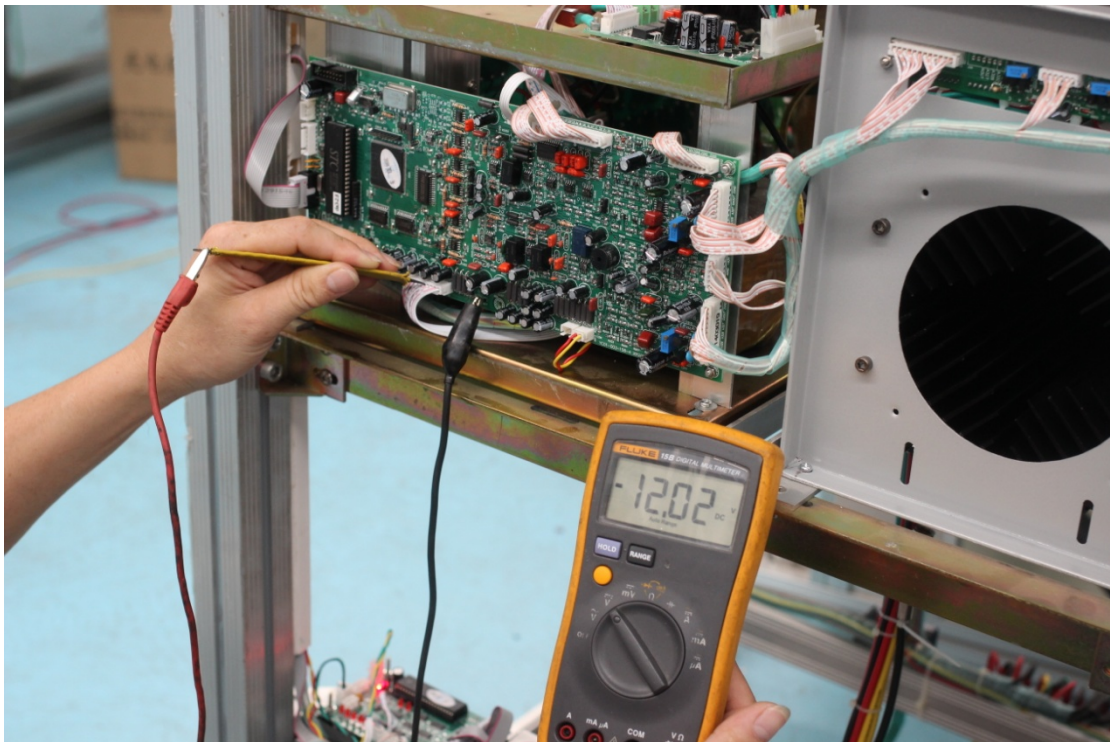

2. YC01-158PCB D/A and feedback part power supply check.

DC + 12V

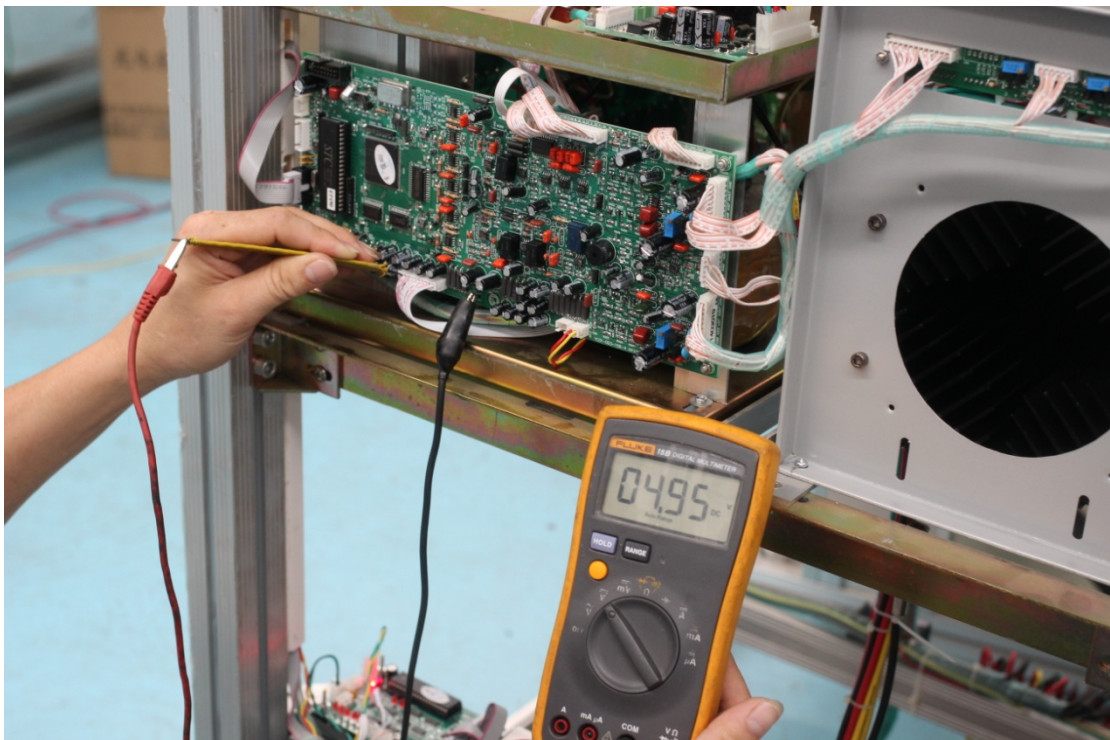

DC - 12V

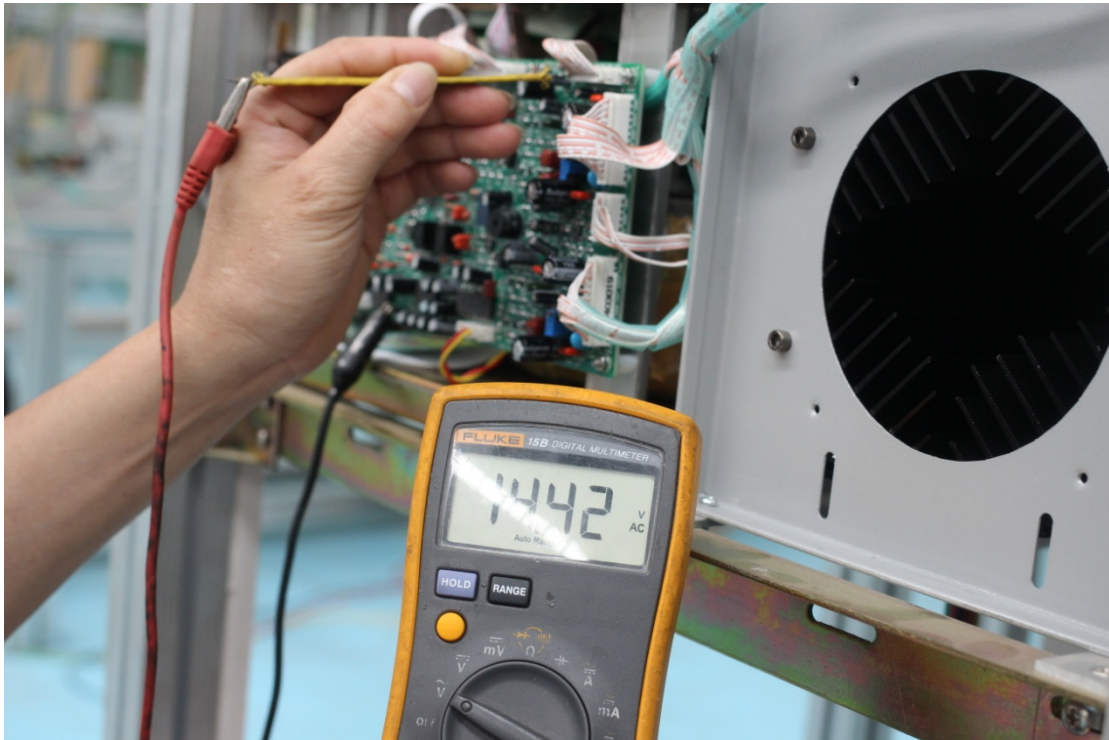

DC +5V

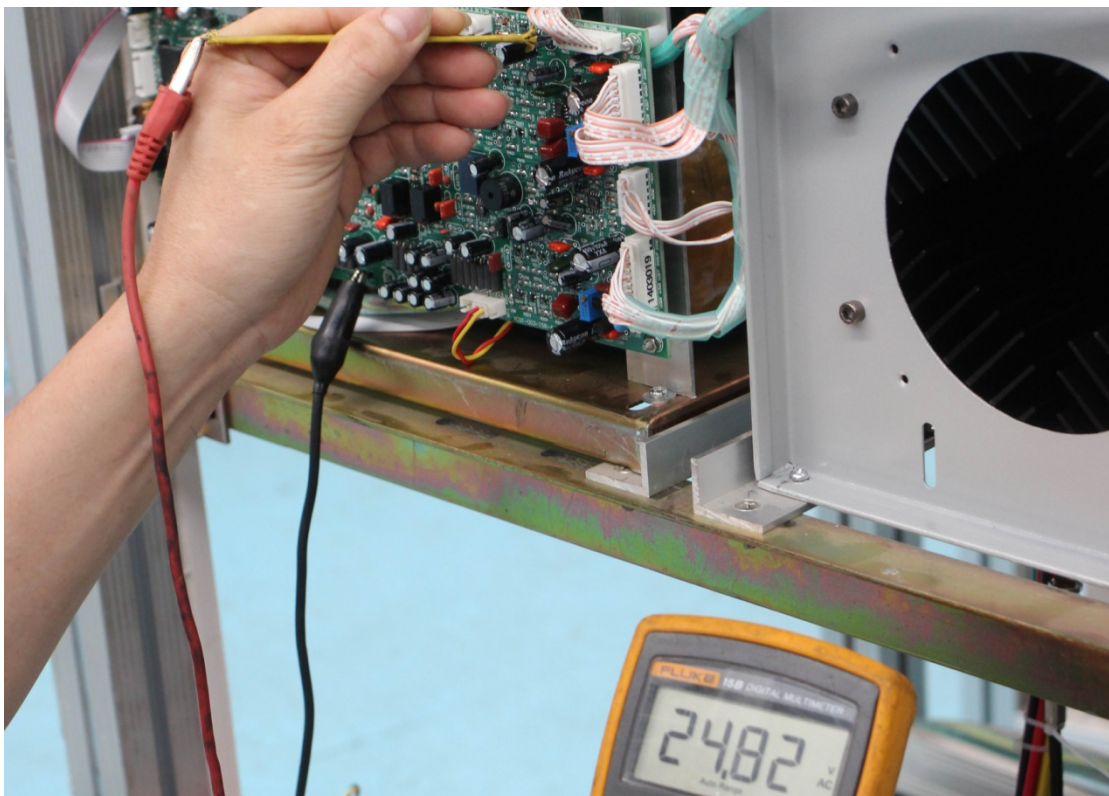

3. 158PCB wave form generating part power supply check

AC 15V

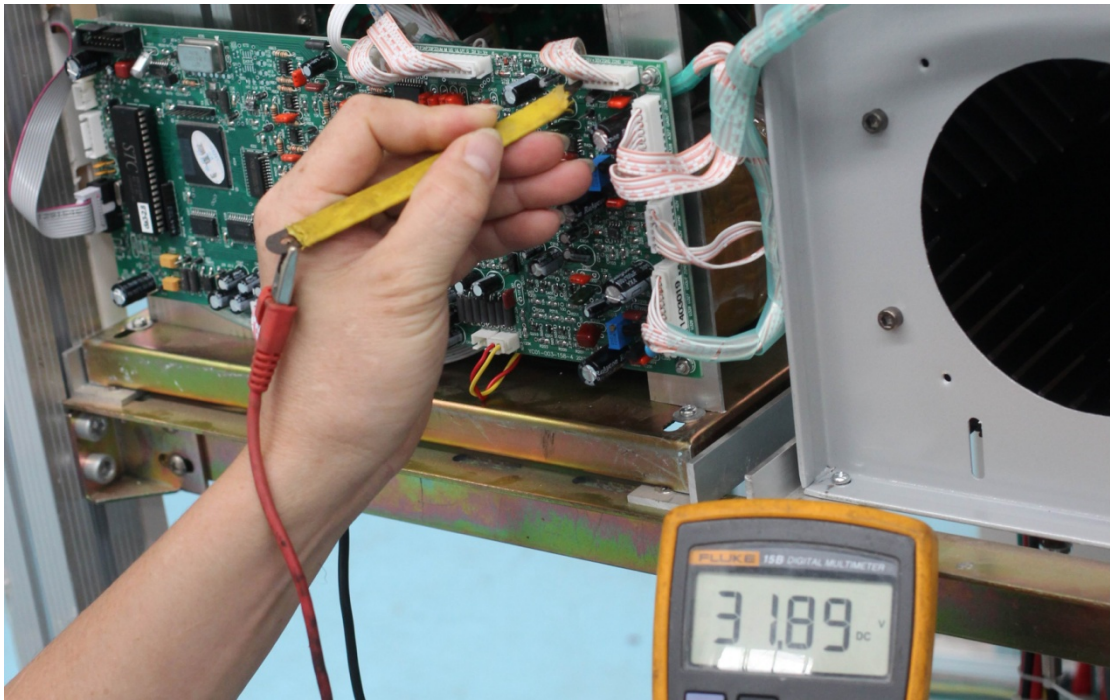

AC 25V

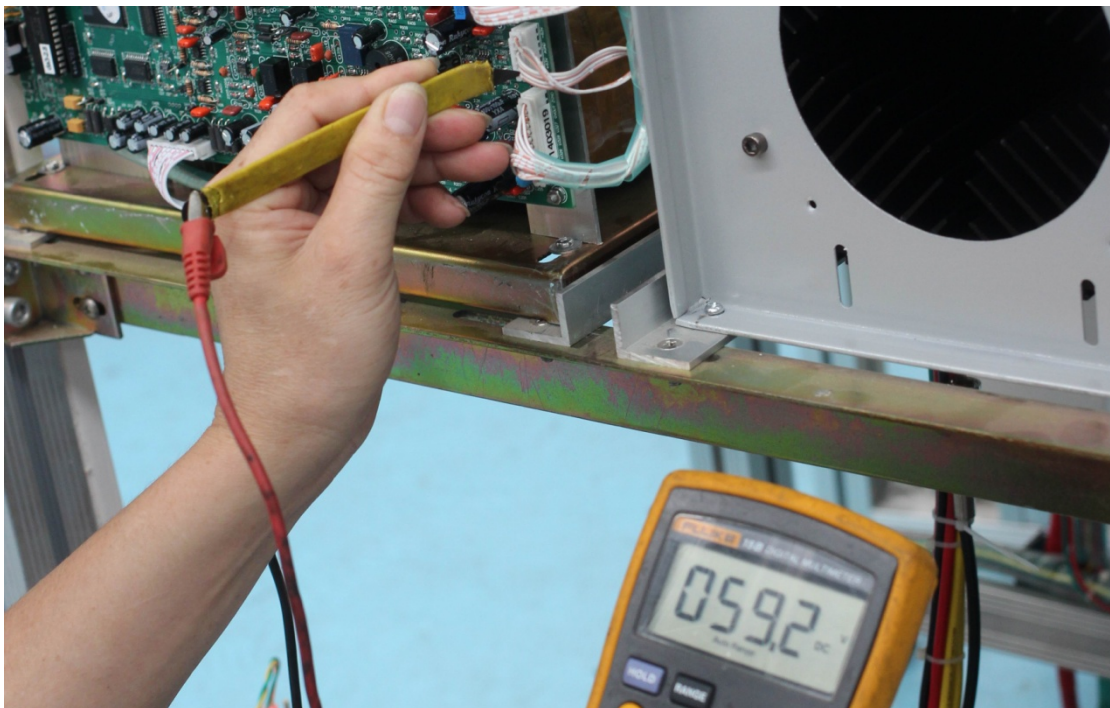

DC +32V

4. YC01-158PCB main power supply

DC +63V

DC -63V
